

*Coccoloba diversifolia*

**Pigeonplum**

Photo Credits

**Optimal Light:**

**Growth Rate:** Fast

**Light Range:**

**Mature Height:** 30 - 40 ft.

**Soil Moisture:**

**Mature Spread:** 10 - 20 ft.

**Wildlife:**

**Soil Texture:** Sandy

**Native:** Yes

**Drought Tolerance:** High

**Soil pH:** Acidic, Slightly acidic, Slightly alkaline

**Perennial:** N/A

**Salt Tolerance:** High

**Invasive Status:** N/A

**Hardiness Zone:** 10a-11

**Comments:**

white flowers in summer; edible fruit; watch for weevils; attracts wildlife; compact crown makes it good for small areas; medium-high wind resistance
